

September 11, 2018

Dear Parents,

The First graders have been working very hard with learning many new routines and procedures. They also have been building good habits with their reading.

Monday through Thursday the children will be bringing home their **white reading bags** with at least **two books** in them.

Please return the bags and books everyday because they will be working with them in class. Please take a moment to sit and enjoy reading with them. They are trying to pick “good fit” books that are at their level. At times there may be a book above their reading ability. That’s when I’ll ask you to help your child by reading the book to them.

Library books can go home on Friday’s but must be returned by the following Friday so they can check out a new one. If you finish the book before Friday you may return it at any time.

Thanks for all your support and sharing your child with me!

Sincerely,
Mrs. Horn
