

March 27th, 2018

Dear Parents,

Our class is working on a class book to be published by Studenttreasures Publishing – an affiliate of Scholastic Books. The book will be called “Our Favorite Animals”. We are studying about animal characteristics as a science topic, so this is an integrated project.

Each child decided on a favorite animal and researched facts about that animal with their second grade buddy. The second graders helped their buddy choose three facts about their animal. The kindergarten children wrote down the facts, along with their own reason for liking their particular animal.

I have been editing the writing with the children individually and guiding them in writing their final draft in black marker on the publishing paper. Each child will also make a drawing of their animal to go along with their writing.

I am enclosing an order form for you to purchase a copy of our final product. I need the order forms and payment no later than April 5th. If you are unable to purchase a book, I still need you to return the order form with the “no” box checked. We will have a classroom copy of the book and I will order one for our school library.

The printed books should arrive sometime in May. The children and I are excited about this project and will celebrate becoming authors and illustrators!

Let me know if you have any questions about this project, or about the enclosed third quarter report cards.

Thank you,
Ginny Mohr
