

Let's go to the farm! We are planning our first field trip to the Austin Family Farm in Paonia. In kindergarten, we learn about animal and plant life cycles, as well as the four seasons. Visiting a farm is a wonderful real-life way to experience the harvest in late summer/early fall.

Glenn and Tony Austin have invited children to experience their farm for many years. Our trip is on Thursday, Sept. 13. We'll leave the school around 12:20.
*In the classroom we continue to learn about maps, monarchs, and writing letters and numbers. Please help your child write his/her name at home.
