

Sneakers  
for the farm  
tour!

**Learning is all around us! We've been using magnetic letters to spell our names. We are singing about the continents around the world. Counting sets from 5 - 20 and observing another chrysalis have been a fun ways to use hands-on learning. We are also acting out stories.**

This Thursday is School Picture Day! It is also the same day as our field trip. Oh, my! We'll be the best dressed field trip class ever. Please send a pair of sneakers with your child and we'll change into those before hopping on the bus. Thanks!
